**Hood's Proved Its Merit.**  
In Every Case Where Recommended.  
"I had severe headaches, no appetite, and my back ached much of the time. Hood's Sarsaparilla entirely freed me from my difficulties. Advancing age and hard work on one of the best farms in Calais made me feel the need of medicine in next spring. I resorted again to Hood's Sarsaparilla and realized a beneficial result as before. My daughter had the measles and upon getting up she had a humor break out and other symptoms; we thought she was

## Going into Consumption.

She was in a very bad condition. We gave her Hood's Sarsaparilla and she improved right away. She was also afflicted with swollen neck when she was about eight years old and we were urged to give her Hood's Sarsaparilla which HAS ENTIRELY CURED her, for there has been none of the swelling for the past nine years.

## BABY'S LIFE IN THE BALANCE.

**The simple Preventive of Cholera Infantum that is worth More Than all the Medicines in the World—Lactated Food.**

Now infant lives tremble in the balance. Heat, and food that fails to nourish, cause cholera infantum and the exhausting diarrhea that carries off so many babies in July and August. Other deaths shrink to insignificance at this season beside the fearful returns of infant mortality under 5 years.

Where mother's milk is defective or insufficient in nourishing quality, lactated food best supplies the need; for lactated food most closely resembles mother's milk. The basis is sugar of milk in both cases.

Whenever baby's weight fails to show a steady increase the nutrition is for some reason imperfect. Lactated food at these times should be used either altogether or to supplement the natural milk. In all such cases there results a rapid gain in weight and indications on every hand of a healthier, livelier, more hearty existence.

The efficacy and nutritive quality of lactated food is today acknowledged by every one.

As a preventive of cholera infantum it is worth more than all the medicines in the world.

As a strength-giver to growing infants nothing can compare with it. As a food that is easy to procure and prepare, and is liked by the little one themselves, too much cannot be said for it.

It has saved the lives of thousands of infants within the last few years. It has been the food of hundreds of babies who have never been sick. From Mrs. Edward Newcom of Logansport, Ind., the following letter was received:

"Our baby had to use artificial food on account of no nurse. We tried several different kinds of infant foods, but none agreed with him until we commenced the use of lactated food. Now he is perfectly healthy. We are still using the food and recommend it to all our friends."

This is the experience of hundreds of mothers in this vicinity and will be the experience of hundreds more.

Men's, Boys' and Youths' Russet Shoes

Now open for inspection.

O. S. ABBOTT, Drouin's Block, Railroad St.

## AT THE HEAD.

Hanover Crackers are excelled by none. For three-quarters of a century they have held the lead, and "good as Hanovers" has been the recommendation of competitors when offering their goods. Don't be deceived. See that Crackers you buy are stamped

## HANOVER

None other is genuine. Made only by

GEORGE W. SMITH & SON,

White River Junction, Vermont.

## We Now Make Our Castings

As Well As Finish Them.

Which is as it should be. Will make low prices on Engine Grates. With recent addition of help in our Machine Shop we are prepared to build new and repair old mills on short notice. We carry a full line of Steam Pipes and fittings, Steam Packing, Valves and mill supplies. Also deal in second hand Engines and Machinery. If you wish to buy or sell let us hear from you.

Come Early and Often.
